# MINI SERIES

*RECESSED Wall Washer  
For Plaster or Drywall*

## SYSTEM

Small, recessed compact fluorescent and halogen wall washer with formed aluminum reflector that provides even unscalped illumination with no glare and offers exceptional lamp shielding. Shallow 3-1/2" fluorescent fixture allows installation in a 4" wall while maintaining the one hour fire rating (see Installation Instructions).

UL/CUL Damp Location listed.

**U.S. Patent #5,142,459**

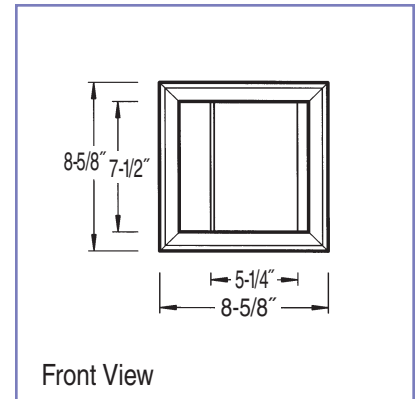

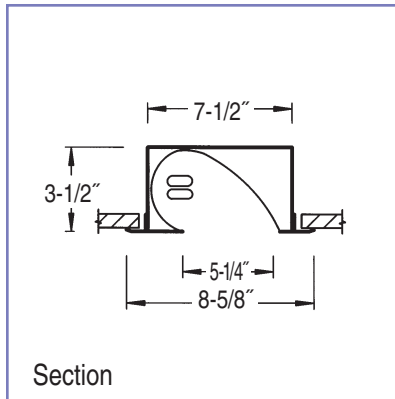

## SPECIFICATIONS

Small, recessed fluorescent wall washer for use with PL, Quad Triple Tube and Halogen lamps. Fluorescent fixture is 3-1/2" deep with ballast mounted within the housing. The one piece, formed reflector is high purity aluminum (99.9%) with 95% reflectance. It is easily removable without any tools for access to the ballast and wiring. Reflector design provides complete lamp shielding even when viewed directly beneath the fixture.

TGIC polyester powder coated housing is made of 22 gauge CRS with knock-outs for through wiring. Trim is extruded aluminum.
