TRIMLESS OPTION

*RECESSED Fixtures with a Clean Finish Edge
For Plaster or Drywall*

SYSTEM

The TRIMLESS feature provides the best of both worlds. You have a fixture with minimal intrusion into the architectural space and yet still incorporates our patented reflector systems for maximum performance.

SPECIFICATIONS

Recessed fixture which does not require a trim to finish the ceiling opening. This option is available for all recessed plaster/drywall fixtures. A set back flange is provided around the perimeter of the fixture to allow for 5/8" gypsum board construction for -TLD models and 7/8" plaster for -TLP models. The fixture allows the ceiling finish to end right at the edge of the lighted opening for a clean construction appearance.

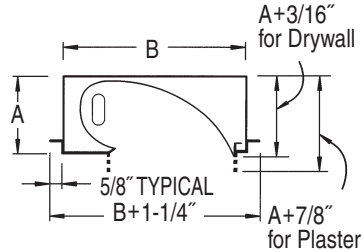

TGIC polyester powder coated housing is made of 22 gauge CRS.

OPTIONS*

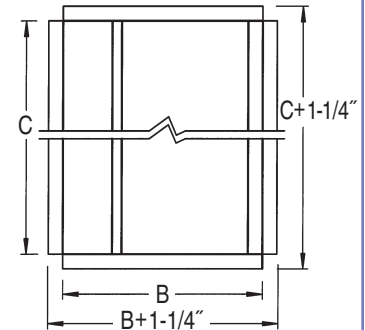

The following options are available for fixtures provided as DRYWALL TRIMLESS.

Glare Shield	Suggested for Wall Mounted -GS up Light installations.
Louver	Parallel Blade Louver -LV
Lens	Mini Lens -ML

* Options are only available if listed on the standard catalog cut.

Section

Front View

A – Height of the recessed housing on the required Series catalog sheet.

B – Width of the recessed housing on the required Series catalog sheet.

C – Length of the recessed TRIMLESS housing. (SEE CHART)

Sample:

AK Series	#140BXWW-AK	3-1/2" Ht.	x	8-1/2" W	x	22-15/16" L
AK Series TRIMLESS	#140BXWW-AK-TLD	3-9/16" Ht.	x	9-3/4" W	x	25-1/4" L

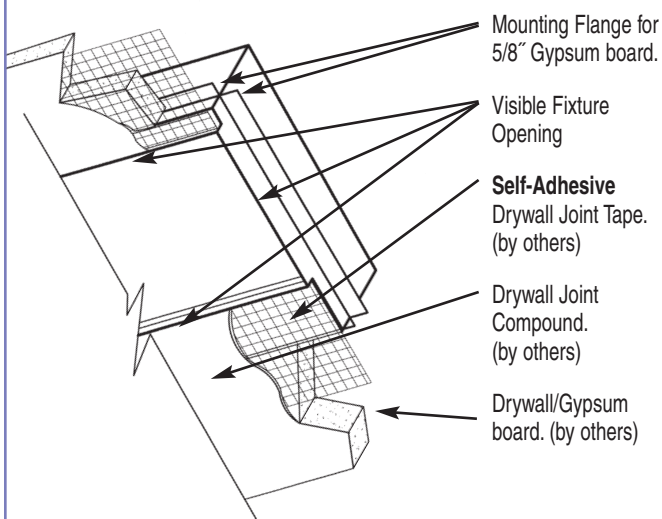

Chart for "C" Dimension	Length of TRIMLESS Fixture Housing		
	2' nominal	3' nominal	4' nominal
AA, AAD, AK, DW, ID, IW, Maxi & VT Series Fixtures:	C = 24"	C = 36"	C = 48"
MP Series Fixtures:	C = 22-1/2"	C = 34-5/16"	C = 46-1/8"
All Series Fixtures less than 20" length	C = SAME length for Trimless		

To specify the TRIMLESS option, for any of our recessed plaster/drywall fixtures, simply add the following to our standard catalog number:

Drywall installations add -TLD

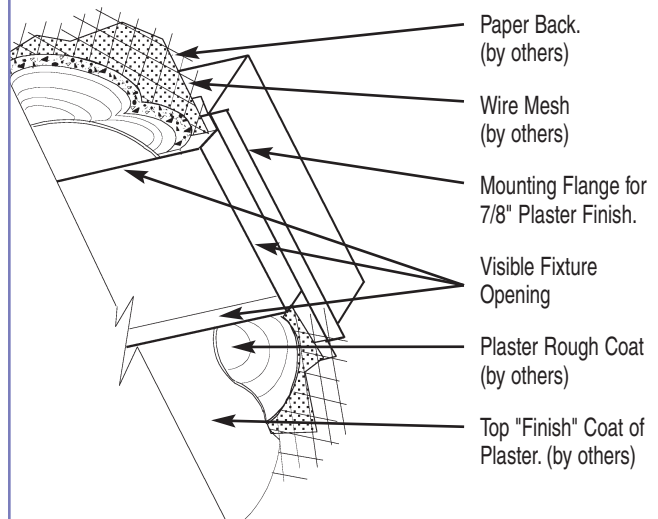

Plaster installations add -TLP

Gypsum Fixture add -TLD

Detail: Shows how fixture is finished to the opening edge.

Plaster Fixture add -TLP

Detail: Shows how fixture is finished to the opening edge.
